DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1, 2, 8, 10, 11, 15 are rejected under 35 U.S.C. 102(b) as being anticipated by Viertel, 5411310.

Regarding claims 1, 11, Viertel discloses a clip comprising

- a flange (2) larger than a through-hole (3) in juxtaposition with the attached member (figure 3)
- a shank (4) extending from the flange (2, figure 3)
- a pair of arms (10) hinged (8) to the opposite end of the shank opposite the flange (2)
- a set of levers (11) for engaging the attached member (12, 17)

Regarding claim 2, Viertel discloses arms and levers paried diametrically with respect to the shank (figure 2).

Regarding claim 8, Viertel discloses boundary surfaces of the spaces between arms (10) and levers (11), which are capable of contacting curved boundary surface portions of a through-hole.

Regarding claims 10, 15, Viertel discloses a shank (4) having a hollow section capable of accommodating a rod-shaped object (figure 3).

Regarding claim 11, Viertel additionally discloses the flange (2) with a protrusion (13) that contacts the lever (11, figure 3).

Allowable Subject Matter

3. Claims 3-7,9,12-14,16-20 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

4. Applicant's arguments with respect to the claims have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
